

**Monday, 12 November 2018**

Dear Parents / Guardians

As part of our mission for students to become global citizens who contribute to the wider community, Mr Reed is beginning to make arrangements for the RBIS Winter Charity event. The event sees students, parents and teachers donating toys, clothes and food for needy children who live in the Phitsanulok province.

This has always been popular and well supported scheme, and we are delighted that such social enterprise will continue this year.

When the Community Service programme started four years ago - Mr Reed asked schools if we could help them in two ways:

Firstly, to carry out a project that helped to improve their school.

Secondly, we arranged with the school that our Year 12 students could interact with the children at the school, for example playing games, reading groups, art lessons etc.

The first step toward raising money for these communities will begin on **Thursday 15th November**, when the whole school will participate in a **non-school uniform day**.

Students will be able to wear their own clothes (appropriate to the school environment) for the entire day.

Each student who chooses to wear non-uniform will be asked to contribute a minimum of 50 Baht, however more generous contributions will be gratefully received.

We look forward to seeing our students, and their personal style, on Thursday.

Yours sincerely,

Timothy Cooper
