## Extra-Curricular Activities (ECAs)

Dear Parent / Guardian,

The termly review of our current term 1 ECA provision and planning for a new ECA programme for the Term 2 (January 2019) is now well underway.

We understand that it is important to provide continuity of activities where children have enjoyed their learning in Term 1 and are looking to extend learning further in Term 2.

At the same time we are looking to improve the range of activities provided as complimentary to our daily teaching programme or as extension activities to learning in school.

To help us map this provision we would appreciate as much information as possible in order to make the best possible plans.

We will:

1. talk to the children who may take part in ECA activities,
2. analyze the current take-up of ECA activities,
3. ask for information from parents,
4. consider the information we hold from pupils' personal development records

Please remember that the ECAs are a 'not-for-profit' additional service offered by school staff, and external specialist services arranged to enhance the educational experiences that benefit our pupils.

It is essential that we maintain the viability of each group in order to continue the rich diversity of activities that our children enjoy. So please make the most of every opportunity that is presented.

ECA activities for Term 2 will be published on the 7<sup>th</sup> of December 2018.

Please help us by completing the online google form provided below and click the return button to share your input with the organizing team.
